CBS IT SYSTEMS, completed the National Self-Exclusion Platform | [Read More](#)

CBS IT Cyprus, in collaboration with the **National Betting Authority of Cyprus**, launched the **National Self-Exclusion Platform (SIP)**, promoting healthy betting behaviour, and protecting vulnerable groups.

The platform provides individuals with the option to self-exclude from all legal online betting providers in Cyprus for either a temporary or indefinite period. This initiative marks a significant advancement in fostering responsible gambling and safeguarding at-risk groups.

The creation of this innovative platform addresses the demand for greater accountability within the gambling industry, strengthening protections for players and the wider community.

Launching the Future of Responsible Gaming: The National Self-Exclusion Platform

CBS IT SYSTEMS completed the project at the Cyprus Ports Authority

CBS IT SYSTEMS delivered end-to-end services, including supply, installation, operation, training, and maintenance of the servers and storage systems, as well as the integration of advanced VMware solutions. **This approach enhances the efficiency and security of Cyprus Ports Authority's operations.**

The Cyprus Ports Authority has enhanced its capabilities and scalability by upgrading to modern servers and storage systems, ensuring it can meet current and future operational demands.
