CBS IT, in collaboration with Lenovo, successfully organized the “Lenovo Smarter Infrastructure Solutions” at the renowned Pinolo restaurant in Nicosia.

At the Event were presented the new specialized technology solutions for Data Centers, as well as other infrastructure, Lenovo products and services.

CBS IT, as a Lenovo Platinum Partner, is sealing its expertise in all product categories (Servers, Storage, High-Performance computing), setting high goals for complex projects in the private and public sector, making it the most suitable partner for businesses that wish to achieve digital transformation

CBS IT signed contract with the Cyprus Ports Authority

Under this partnership, CBS IT will provide comprehensive services in the supply, installation, operation, training in the use, and maintenance of Servers and Storage, along with cutting-edge VMware solutions to enhance the efficiency and security of the Cyprus Ports Authority's operations.

The replacement of the older servers and storage systems with new ones will provide enhanced capabilities and scalability to meet both the current and future requirements of the Cyprus Ports Authority.

Smart Cities Solutions by CBS IT SYSTEMS Cyprus. | [Read More](#)

CBS IT's Smart Cities solutions help to establish a contemporary and engaging municipality accessible to all.

A smart city leverages information and communication technologies to enhance its operational efficiency, share information with the public, and enhance the delivery of government services and citizen well-being.

The primary objective of a smart city is to optimize urban operations, foster economic development, and elevate the quality of life for residents through the implementation of intelligent technologies and data analytics.
