CBS IT Systems Cyprus Recognized as Lenovo “Growth Partner of the Year – ISG, Cyprus” | [Read More](#)

CBS IT Systems Cyprus Ltd, a member of Cosmos Group, was honored with the **“Growth Partner of the Year – ISG, Cyprus” award by Lenovo** at the Lenovo Big Event '26 Awards, held on February 19, 2026, at Onassis READY.

This distinction recognizes the company's **strong growth in Lenovo Infrastructure Solutions Group (ISG)**, as well as its commitment to delivering innovative, reliable, and high value-added solutions to the Cypriot market. It also highlights its expertise, consistency, and continuous investment in skilled personnel and modern technological infrastructure.

Mr. **Nikolas Kolokasides** Country Manager of CBS IT Systems Cyprus Ltd stated that the **award reflects the team's collective effort and the strategic partnership with Lenovo**, based on trust, shared vision, and a commitment to innovation.

**Cosmos undertakes the development of two Information Systems for the CySEC | [Read More](#)**

Cosmos Business Systems, in collaboration with **CBS IT Systems Cyprus**, has signed a contract with the **Cyprus Securities and Exchange Commission (CySEC)** for the **development and support of two integrated information systems**, “Project ELSA” and “Project CPS”.

The platforms will enhance onboarding processes for supervised entities, support regulatory updates, modernize certification procedures, and manage seminars, examinations, and participant registries. The projects also include maintenance and operational support to ensure secure and efficient system operation. Overall, they are expected to improve operational efficiency, reduce administrative workload, and increase transparency, reliability, and service quality within CySEC's supervisory and certification framework.

**CBS IT Systems Cyprus at NVIDIA GTC 2026 [Read More](#)**

Mr. Nikolaos Kolokasides, Country Manager of CBS IT Systems Cyprus, and Mr. Ioannis Tsakonis, Chief Business Development Officer for Infrastructure & Services at Cosmos Business Systems, **attended NVIDIA GTC 2026 in San Jose**, California, USA, a leading global conference on artificial intelligence and advanced computing technologies. The conference covered key areas such as Generative AI, Accelerated Computing, Data Science, AI Infrastructure, and Robotics. Senior industry executives, including **CEOs and directors of global manufacturers, shared challenges and best practices, emphasizing the importance of proper integration, optimization, and effective use of systems.**

As Mr. Kolokasides noted, **AI is entering a more mature phase where value is driven by the efficient utilization of infrastructure rather than investment alone.** The participation strengthened the Group's expertise in NVIDIA solutions and its ability to deliver high-performance and innovative projects across Cyprus and beyond.
